MELODY LEWIS - *Regional Sales*

Melody has a vast experience in the travel industry, having worked on the hotel and wholesale sides of the business for over 35 years. Her passion for the industry began as a flight attendant for American Airlines.

While working with the award-winning Hotel Hana-Maui for three years, she managed business development with extensive field involvement in all national, international and domestic Hawaii markets. She was integrally involved in establishing monthly/quarterly sales strategies for resort operations.

Melody also spent eight years working with Happy Vacations and Classic Vacations as DOS supporting the direct sales efforts of the regional sales staff of each respective company. She worked with her team to manage and maintain top producing accounts and business development. In addition to an abundance of other vital management duties, she personally participated in sales and strategy with each team member including sales calls, trade shows, marketing analysis and special events.

Prior to Melody's years with Hotel Hana-Maui, Happy Vacations and Classic Vacations, she was a Regional Manager for seven years with the ever popular SuperClubs Resorts All Inclusive properties throughout the Caribbean. Her success there groomed her for the roles she assumed at the above-mentioned companies. She has now worked with LMG for the last 5 years.

Melody graduated from San Jose State University in California with a Bachelor of Arts degree. She has a talent and passion for floral design and event production. In her free time she enjoys visiting tropical destinations with beautiful white sand beaches. She has a wonderful husband, Ken, and two sons whom she adores.
